# JOIN OUR SYMPOSIUM ON **AUGMENTED INTELLIGENCE AT WORK**

**You are invited as one of  
50 participants!**

**5 – 6th  
Oct 22**

Herrenhausen Palace  
Hanover; Germany

## **What to Expect:**

- International event **connecting research perspectives across disciplines** about augmented intelligence at work
- Aims at creating a new **interdisciplinary discourse** to establish a shared understanding of ongoing research and terminology, as well as to craft a research roadmap
- **Agenda** is a mix of **keynote speakers, panel discussions**, and opportunities for participants to engage with other researchers and expand on a topic of their choice
- **Multi-disciplinary** approach including perspectives from engineering, computer science, AI ethics & philosophy, social science, psychology, and law
- Balance of **senior and junior** researchers in the field

**If you would  
like to attend,  
please contact  
our team!**
